

## Akiles® DuoMac One Custom Built Binding Machine That Does The Work of Two

DuoMac is a revolutionary binding system that allows you to combine two different types of binding in one single machine, thanks to its two independent punching die sets. Customize the configuration on your DuoMac according to your binding preferences, and start producing different styles of bindings - right at your own workplace!

DuoMac's versatile & easy-to-use features assure professionally and elegantly bound books / reports / catalogs, while heavy-duty all metal construction provide the dependability you need to finish your important project on-time, every time.

DuoMac is truly an ideal solution for anyone who requires multiple binding capabilities at an affordable price! Simply choose the combination: comb-wire, comb-coil, coil-wire, coil-coil, wire-wire... and we will make it for you!
