

## Copier Tabs

BindRite Copier Tabs are unprinted, pre-collated index tab dividers that may be digitally printed whenever needed using tab-capable high-speed copier/printers. Proper surface characteristics, smoothness and stiffness insure excellent runnability and image quality. They help organize and provide quick access to printed information. Print directly onto the tab surface for professional looking tabs that stand up to repeated use. Our copier tabs are available in many variations including plain paper tabs and plastic laminated tabs – in clear and colors.
