

The ClipsShop® brand CS-TIDY-41™ is an affordable, portable, pneumatic grommet attaching machine that offers a safe and efficient way to fasten self-piercing metal grommets in a variety of applications with multiple actuating methods to meet the needs of any project. High-quality European construction at an affordable price makes it easy to justify the investment with a quick ROI saving time and reducing waste compared to other alternatives. Upgrade your grommet setting machine or add one to your arsenal of finishing equipment expanding your capabilities, increasing revenue with this easy to use, easy to maintain tool that should be in every finishing department, print shop and tool room.

## APPLICATIONS

- Eye-catching and creative binding alternative compared to standard binding methods
- Fasten slide charts and wheel gauges, and other printed materials
- Apply to banners, signs, posters, flags and more
- Industrial & commercial textiles such as tarps, awnings, large-format signs

## Technical Specifications for ClipsShop® CS-TIDY-41™

MATERIAL EXAMPLES	Chipboard, poster board, paper, vinyl, other plastics, industrial textiles and many more
FEEDING	Manual grommet & washer feed
SAFETY SYSTEM	Thickness sensitive moveable finger guard; no electricity needed
GrommetSniper™ COMPATIBLE	Yes
AIR INPUT SIZE & TYPE	8 mm diameter hose (1/4" male adapter included)
RECOMMENDED COMPRESSOR	8 Bar / 120 PSI — 1.8L / 0.5 Gallon per cycle
OPERATING PRESSURE	5 - 7 Bar / 75 - 100 PSI
AIR CONSUMPTION	3.15L / 0.83 Gallon @ 6 Bar — 85 PSI working pressure
STROKE	1-9/16" / 40 mm
MAX WORK HEIGHT	3" / 78 mm from shaft end to lower die bushing top plate
THROAT DEPTH	4" / 100 mm from grommet center
NOISE LEVEL	76 dB (A)
MACHINE FORCE	5.5kN / 560 kgf / 1235 lbf @ 7 Bar — 101 PSI working pressure)
NET WEIGHT	16.5 lbs - 18.3 lbs / 7.5 kg - 8.3 kg depending on model
DIMENSIONS (W*D*H)	4 3/4" x 9 5/8" x 11 1/4" / 120 mm*245 mm*285 mm

## FEATURES

- **Versatile & portable** — Easily attach the CS-TIDY-41™ to a mobile cart and wheel the press around large pieces of material, mount to a bench or worktable, or use the built-in carrying handle to take on site
- **Simple & safe** — Adjustable OSHA-compliant finger guard for optimal performance while ensuring operator safety
- **ClipsShop® GrommetSniper™ compatible** — Use this industry-first alignment fixture for consistent placement of grommets from edge of material as well as consistent spacing between grommets
- **Multiple control options** — Use one of three control options or get them all and be prepared for any project, a built-in manual trigger mechanism, a top-mounted pneumatic button ideal for when moving the press around large pieces of material, or the pneumatic foot pedal allowing efficient 2-handed operation. All controls can be mounted for right-hand or left-hand operation
- **Interchangeable dies** — Compatible with ClipsShop® brand stainless steel self-piercing dies for grommets 1/8" ID (#XX00) up to 11/16" ID (#5.5) as well as the unique self-cleaning dies
- **Easy cleanup** — Use ClipShop's innovative self-cleaning dies to stop the confetti mess typical to grommeting! Contain the chads in a small drawer making cleanup a snap
