

The ClipsShop® brand CSTEP-2 grommet attaching bench press is cleverly engineered to meet a range of demanding grommet attaching applications. Using advanced scientific analysis, input from worldwide dealers and feedback from more than ten thousand happy CSTEP-2 grommet hand press customers, the engineers at ClipsShop® developed a hand lever design that helps reduce the hand force required to apply self-piercing metal grommets.

Technical Specifications for ClipsShop® CSTEP-2

MATERIAL EXAMPLES	Chipboard, poster board, paper, vinyl, other plastics, industrial textiles and many more
FEEDING	Manual grommet & washer feed
COMPATIBLE GROMMET SIZES	#5.5, #3, #2, #1, #0, #00, #X00, #XX00
GrommetSniper™ COMPATIBLE	Yes
STROKE CONTROL	Depth adjustment stop screw
LEVER LENGTH	10-3/4" / 275 mm
THROAT DEPTH	4-1/4" / 100 mm from grommet center
MOUNTING	Bench mount with included screws
NET WEIGHT	15 lbs / 7 kg
DIMENSIONS (W*D*H)	3-1/2" x 9" x 16" / 90 mm*230 mm*405 mm

Your CSTEP-2 is delivered packed in our premium carrying case, made out of heavy duty, eco-friendly cardboard and lined with a sturdy foam bed, cut to fit your CSTEP-2 snugly and securely.

The CSTEP-2 comes fully assembled and includes nuts and bolts to mount your press to a table or bench (recommended).

FEATURES

- **Unique lever design** — The scientifically engineered lever, carefully designed for the anatomy of the human wrist and arm, helps reduce the hand force required to apply grommets and provides significantly greater application comfort compared to typical hand presses
- **ClipsShop® GrommetSniper™ compatible** — Use this industry-first alignment fixture for precise alignment of grommets from edge of material as well as consistent spacing between grommets
- **Interchangeable setting dies** — Compatible with ClipsShop® brand stainless steel self-piercing dies for grommets 1/8" ID (#XX00) up to 11/16" ID (#5.5). Allows setting many different sizes of grommets by means of a simple die-changing process that takes only seconds
- **Utilizes self-piercing grommets** — The hole is cut and set in one operation saving time and money.
Grommets are solid brass so grommets won't ever rust
- **Soft handle grip** — The soft handle grip provides increased comfort for the user during application
- **Simple to use** — From beginners to professionals, users can operate this machine easily with little training
- **Heavy-duty industrial grade machine** — The European-made ClipsShop® CSTEP-2™ advanced hand press will provide years of professional performance with minimal maintenance
