

# Evolution3™ range

Making accurate cutting easier than ever before

**KEENCUT**

THE WORLD'S FINEST CUTTING MACHINES

## The ultimate tool for a busy production environment

- Quick and easy to use - saves time and money
- Reliable and built to last with a 5-year warranty
- Lift-and-Hover\* (patent pending) for fast, accurate cut alignment
- Future-proof and versatile QuikSwap tool heads
- Guaranteed ultra high precision 0.2mm accuracy
- Cuts PVC foamboard up to 13mm

Available in 1.1m, 1.6m, 2.1m, 2.6m, 3.1m and 3.6m cut lengths.  
Please enquire about custom lengths up to 5.5m.

\*Available for BenchTop and SmartFold

*"The Evolution3 helps us increase throughput. We complete more work so it has a direct and positive impact on our business."*

John Walliker, JDP Solutions

## THREE MODELS TO CHOOSE FROM

### FreeHand

- Portable version for flexible use

### BenchTop

- Fits on any flat bench
- Lift-and-Hover alignment system

### SmartFold

- Fold-away under-bench storage
- Lift-and-Hover alignment system
- Integral cutting strip

## QUIKSWAP TOOL HEADS

### Double Graphik tool head

- Two-way cutting with two individual blade holders
- Graphik blades are stronger and more stable than regular blades
- Supplied as standard with every Evolution3

Ideal for: vinyl, banner, cardboard, up to 13mm PVC foamboard, foam-centred board, corrugated plastic & paper, pop-up & roll-up materials

### Fabric tool head

- Spring-loaded cutting wheel
- Consistent pressure for reliable cutting
- Cuts in both directions

Ideal for: fabric, paper, film, vinyl, banners, delicate materials

### Creaser tool head

- Creases corrugated and plain card
- A range of creaser wheels to suit different materials

Ideal for: stout paper and card, cardboard, grey board

**Ultra High Precision** - Guaranteed to cut within 0.2mm of a straight line for the whole length of the cutter

## Quick and easy

- Raise the clamp with minimal effort
- Lift-and-Hover\* holds the cutter bar just above the media
- Anti-sag holds the cutter bar parallel to the surface of the media
- Sightline strip shows exactly where the cut will be made

## Simple to use

- Intuitive - minimal training needed
- Lift-and-Hover\* can be operated from either end
- Single person operation even with the largest sheet size

## Saves time and money

- Better alignment means fewer mistakes and less waste
- Faster working for higher productivity

## Reliable and built to last

- Designed and manufactured to Keencut's exacting standards of precision
- 5-year warranty

## Fits any suitable bench

- For the Evolution-2 bench or any appropriate existing bench
