

# Excalibur 5000

The ultimate vertical cutter for the professional picture framer

**KEENCUT**  
THE WORLD'S FINEST CUTTING MACHINES

## 35 years of cutting excellence

### Consistent, accurate, efficient and hard-wearing cutter for mountboard, backing board, Plexiglas and glass

- Cuts all framing sheet materials easily
- Consistent perfect cuts
- Integral interchangeable tools
- One piece squaring arm
- Balanced weight to reduce user fatigue
- No dust or debris
- Robust aluminium construction to withstand long term use
- Quick payback through reduced waste and cutting time
- Safety by design
- Space saving
- Manufactured with premium quality materials
- Guaranteed for 5 years

Available in 2 sizes 122cm and 160cm

*"We chose this product because of the affordable prices and small size making it easy to store. Over all we love the product ..."*

*Juan Millan, Chimes Printing*

### Perfect for cutting ...

#### Mountboard

MDF

Glass

Plexiglas (cast acrylic)

Foam centred board

#### Will also cut ...

- PVC foam board
- Corrugated plastic / cardboard

## Integral interchangeable tools

### Multi tool head

- All blades and glass cutting wheels are permanently mounted for instant use.
- Uses off the shelf blades - no costly specialist blades required.
- Unique ratchet system for incremental cutting of thicker materials.

### Twin wheel cutter

- Cuts 3mm MDF in a single pass producing a clean edge.
- Noiseless, dust and debris free.
- Balance weight parks head at the top when not in use.

## Cuts all materials down the same line

- No need to alter production stops for different materials.
- Simple operation.
- Reduces wastage.
- Reduces mistakes.

## Consistent perfect cuts

### Unique pressure sensitive clamp

- Powerful clamping holds tough materials precisely for a perfect cut.
- Touch-sensitive control clamps delicate or printed materials gently without damage.

### Perfect 90° cutting

- Simple initial set up to 90° using squaring adjuster.
- Maintains permanent 90° accuracy over time.

### Achieve the same cut every time

- Quick set production stops for repeated use.

### Single piece squaring arm

- Robust, rigid structure for perfect alignment.
- Provides consistent accuracy.
- Reduces set up time.

## OPTIONAL EXTRA

### Free standing kit

Ideal for when wall space is limited or flexibility of machine placement is required. Bolts directly to the back of the machine to produce a rigid and stable free-standing unit.
