

Fastback® 9

At the heart of the Studio Binding System is the Fastback 9 binder. The Fastback 9 binder quickly binds the individual sheets into an assembled book block, ensuring that the book contents are properly organized and aligned before stitching. In spite of its capabilities, the Fastback 9 takes up no more room on a desktop than an inkjet printer.

- Affordable yet powerful
- Easy to use
- Binds books in less than 45 seconds
- Simple tabletop operation

Powis Stitcher™

The Powis Stitcher is an electric, tabletop machine used to secure the bound book spine. The staples are quickly and precisely placed using the stitching table and foot pedal.

- Book Thickness: 3 to 60 sheets
- Adjustable impact setting
- Precise stitch alignment
- Up to 5,000 staples before refill
- Foot pedal for fast, hands-free, and accurate operation

Hardcover Guide™

The Fastback Hardcover Guide lets anyone make a professional-quality hard cover photobook in just seconds. With Fastback Hardcovers, assembly is simple. The Fastback Hardcovers are designed with the adhesive built in, eliminating messy glue pots.

- Simple and fast book assembly, less than 20 seconds
- Ensures consistent registration of the book block with the Fastback Hardcover
