

A heavy-duty “all day, everyday use” trimmer drawing from the design elements of the proven Professional, the DigiTech+ offers the same dynamic features, plus a very large format that cuts up to 100”. Using the same self-sharpening, hand-finished tungsten steel blades as the Professional, the DigiTech+, like all Rotatrim trimmers, is engineered for total cut precision.

- A strong 1 ¼” stainless steel guide rail provides cutting head stability.
- A single roller mechanism results in lighter cutting action (maximum cut depth of up to 2mm).
- Extruded aluminum baseboard, end frames and head- plus an aluminum square side rule- ensures extreme robustness.
- An auto-lifting clamping mechanism locks materials into place as the head begins to cut, then automatically releases at the completion of the cut; prevents material and substrate scratching.

The steel stand offers rigid support at the ideal working height of 34 inches. Black finished, this stand includes an integrated, transparent space-saving waste catcher that secures off cuts.

Item #	DigiTech + Cut Size	Item #	Stand & Waste Catcher
60301.....	26” DigiTech Trimmer	62810.....	For the 26” DigiTech
60311.....	38” DigiTech Trimmer	62812.....	For the 38” DigiTech
