UP-240

desktop
BANDING
MACHINE

FEATURES

- *Tabletop design*
- *Manual or auto start operation*
- *Uses a variety of banding tapes from craft paper to film*
- *Adjustable bundle strength*
- *Adjustable guides ensure band placement accuracy*
- *An inexpensive method of packaging printed material*

Bundle finished pieces such as business cards, postcards, and brochures with the UP-240 Desktop Banding Machine. The Bander wraps a strip of craft paper or film around the bundle, providing the same security, but at a lower cost, than a box or bag.

The UP-240 can be placed near your Duplo finishing machine for an efficient finishing and packaging operation. As soon as pieces are finished and stacked, collect them and place them directly onto the UP-240. The sensor will detect the bundle and automatically wrap a band around it. It's packaging made easy!

Adjustable guides ensure consistent band placement

*Easily adjustable heating temperature and binding tension*

SPECIFICATIONS

MAX BANDING SIZE (WxH)	9.5" * x 7" (240 mm x 180 mm)
MINIMUM BANDING SIZE (WxH)	1.2" x 0.2" (30 mm x 5 mm)
