

# VISION**FOCUS**<sup>™</sup>

Create documents that  
**FOCUS** on your  
print and  
finishing equipment.

## **Aerocut Nano Documents Formatting Made Easy**

Use VisionFocus to layout your artwork for the Aerocut Nano quickly and efficiently. Simply open the VisionFocus Template Wizard, select the appropriate layout from the Aerocut Nano library, insert your artwork and VisionFocus will do the rest. VisionFocus produces a print ready PDF document imposed to the Aerocut Nano template specifications. All VisionFocus documents include the Aerocut Nano compatible cut registration mark to ensure precision cutting.

# VISIONFOCUS™
