**BindRite**  
[www.bindrite.com](http://www.bindrite.com)

The **ColorMax8 Digital Color Printer** utilizes the latest inkjet technology to produce **full-bleed, full-color** mailing and packaging solutions with a class-leading low cost per piece. The **wide, flat paper path** allows users to print on a variety of materials **up to 3/8" thick** including stuffed envelopes. Its **intuitive 7" color touchscreen** provides greater control over the entire process including **image preview, system status**, and access to **up to 60 GB of stored print jobs**. Thermal inkjet technology allows for **printing on pre-printed and windowed envelopes**, and its **high-capacity ink tanks** are easily accessible from the front of the printer.

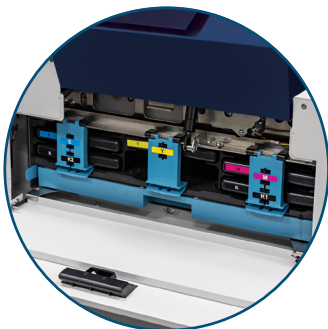

*Top-Loading Feed System*  
Holds up to 575 #10 envelopes,  
and media up to 10.5" x 17"

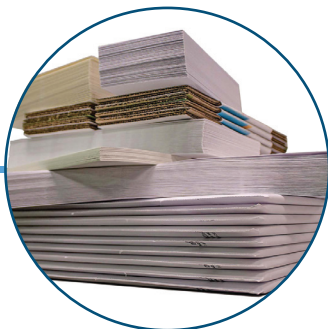

*Intuitive 7" Color Touchscreen*  
Displays system status, image preview,  
and access to 60 GB of stored jobs

*Memjet® Inkjet Print Head*  
Stationary print head for higher  
speeds, lower ink use, and less noise

*Clamshell Design*  
Offers easy front access to ink tanks  
and the paper path

*Electronic Thickness Control*  
Prints on media up to 3/8" thick  
including stuffed envelopes, cardboard,  
padded envelopes, and more

**STANDARD FEATURES**

- Intuitive 7" color touchscreen
- Prints up to 8,000 #10 envelopes per hour
- Accommodates media up to 3/8" thick
- Full-bleed up to 8.5" wide
- Addressing and variable data
- CMYK output , up to 1600 x 1600 dpi
- Electronic thickness control
- Top-loading feed system
- Up to 60 GB of job storage
- Fixed print head with 70,400 inkjet nozzles
- High-capacity ink tanks
- Automated print head maintenance
- Pressure roller infeed transport system
- Clamshell design for easy ink access
- Prints up to 16.8 million colors
- USB and Ethernet PC interface
- Memjet™ Technology

**SUPPLIES**

High-capacity ink tanks, 250ml each

**OPTIONS**

- Output Conveyor Stacker
- cmColor RIP & Color Match Software

**SPECIFICATIONS**
