

FEATURES & BENEFITS

High Productivity: With its new top speed of 90 cycles / minute and the large capacity of the high pile feeder and reception trays (6 reams of paper), the Alpha-Doc® MK4 has a cycle speed of up to 95,000 sheets per hour without the constant presence of the operator being required.

Versatility: The Alpha-Doc® MK4 can punch a wide variety of paper stock and covers including tab cut sheets and wall calendars with thumbcut, in virtually any size from 5.4" x 5.4" up to 14" x 13".

Easy-to-Use: Just load the tray and push a button, no special training is required.

Simple Formatting: Just follow the instructions on the conversational touch screen and, with pre-set standard formats, size change-over can be done in less than 2 minutes.

Heavy-Duty Steel Dies: Guide posts for perfect alignment, quick pin access, and flanged holes to help clear out waste and add longer life.

Punch Die Patterns: 3:1 & 2:1 Wire-0°; 4:1 plastic coil; plastic comb; VeloBind®; 2, 3, & 4-ring binder; and many more.

Installation: Caster wheels make machine placement quick and easy.

Alpha-Doc®

Automatic Punch

The **Alpha-Doc® MK4** automatic punch will give you the extra mile you need to enhance your productivity. This remarkably user-friendly, high productivity machine offers hands-free punching of pre-collated documents up to 14" wide. With an easy-to-use digital touch pad, 110v power and heavy-duty casters, this powerhouse unit can be set up in minutes and is capable of producing up to 95,000+ punched sheets per hour.
