# iBOOKLET

The iBooklet is a fast, tabletop bookletmaker that automates stapling and folding, producing up to 800 booklets per hour. It's intuitive design includes an LCD counter, automatic adjustments for paper size, and both automatic and manual modes, making it ideal for offices, schools, and small businesses.

A **CONTROL PANEL**
The iBooklet has an icon control panel with a built in LCD counter, making it intuitive and versatile with ease of operation.

B **CONVENIENT TRAY**
Includes a convenient foldable delivery tray for easy handling.

C **PAPER FEED**
The iBooklet has automatic and manual mode. In automatic mode, the feeding sensor detects sheets fed and staples/folds automatically. In manual mode, it staples and folds sheets when the START button is pushed.
D **SPACE-SAVING DESIGN**
Compact design with a small footprint, perfect for any workspace.
