

Our ClipsShop® brand of solid brass grommets and washers will never rust. Cost-effective ClipsShop® self-piercing grommets function optimally with our specially-designed setting dies producing outstanding results on a wide range of materials. Save the trouble with setting and piercing in a single action without a pre-punched hole saving time and money. We know your project is important to you and your customer. For this reason, we stock grommets available for fast delivery.

ALL 12 SIZES STOCKED IN:

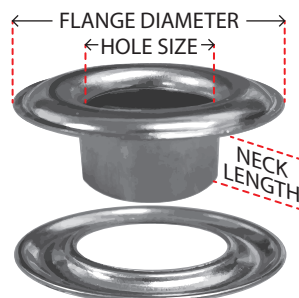

* GROMMET #0 AND #2 AVAILABLE IN:
