

The CSTON-1 is a revolutionary manual stroking grommet-attaching machine. Not powered with electricity or pneumatic pressure, it uses little hand force for setting grommets. With our advanced, carefully engineered spring mechanism, leading to more consistent, precise results with less effort. The CSTON-1 should be strongly considered if you are not ready to invest in a pneumatic machine.

## COMPATIBLE DIES & SELF PIERCING GROMMETS

The CSTON-1 Stroking Hand Press uses manual grommet & washer feed and is compatible with ClipShop brand stainless steel interchangeable self-piercing dies for grommets.
