

ONYX HD 7000

The HD7000 is a 14 inch (356 mm) open-ended punch that features the patented “quick change” die system for changing punch patterns in 30 seconds; no tools required and no bolts or screws to replace or misplace. The HD7000 was designed with the operator in mind, offering quick, easy set-up including easy pin pulls and pre-set paper stop positions. With a three year limited warranty, this is truly the industry standard.

Rated up to 40 sheets or up to 80 pages of 20 pound (80 gsm) bond paper. The number of sheets depends on the paper weight and punch pattern used. Designed for mid to high volume commercial and corporate use.

More than 98% recyclable
