The **Cut-True 16M Manual Paper Cutter** combines accuracy with safety and user-friendly features. Using its **hardened-steel Guillotine blade** and **lever-activated blade arm**, it has the strength to cut through paper stacks up to 3.15” high and 18.7” wide. The **LED Laser Line** shows operators exactly where the blade will cut, and the **spindle-guided back gauge** and calibrated scales allow for precise adjustments. Safety is also a top priority with **front and rear plexi covers, blade lock, external blade depth adjustment, blade change safety tool**, and a **wooden paper push for safe alignment**. These features are all housed in a rugged all-metal stand with feet for tabletop use.

*Rugged All-Metal Stand*  
Also includes table top feet so you can cut anywhere

*Geared Clamping System*  
Large clamping wheel easily keeps paper in place for accurate cutting

*LED Laser Cutting Line*  
Shows exactly where the blade will cut, allowing for precise adjustments

*Safety Cover & Back Gauge Crank*  
Plexi cover for safety and spindle guided back gauge for accuracy

*High-Quality Hardened Steel Blade*  
Cleanly cuts paper stacks up to 5/8” high and up to 14.5” wide

*Tool Kit Included*  
Wooden paper push and blade change tools for safe adjustments
