GBC® MAGNAPUNCH™ ELITE ELECTRIC MULTI DIE SET PUNCH

The GBC MagnaPunch Elite is an innovative electric document punch with interchangeable die set capabilities. It features a quick change die set system to enable different hole patterns, helping to minimize downtime and provide punch pattern flexibility.

FEATURES:

Fast Punching

Built with speed in mind, you can punch up to 30 sheets at a time with a 1 second punch cycle. The locking die set system has 6 different punch patterns with deselectable pins, and the open throat accommodates larger sizes in two-step process.

Reliable and Durable

This heavy-duty punch is constructed with sturdy materials and high-quality components for consistent, accurate results. Whether you're handling small batches or large volumes of documents, you can rely on the MagnaPunch™ Elite to deliver flawless punches every time.

User-Friendly Features

Auto-reverse function helps eliminate jams for ease of use. A large capacity chip tray means less emptying, and the foot pedal enables hands-free operation. Non-slip rubber feet help keep the machine in place.
