IDEAL
FOR SCHOOL & SMALL OFFICE

GBC® ULTIMA™ 35 EZLOAD™ THERMAL ROLL LAMINATOR

Perfect for educational settings, day cares, churches, and small offices, the Ultima 35 desktop roll laminator delivers high-quality results and features EZLoad technology.

FEATURES:

Comprehensive Lamination

Get clear results for a wide variety of projects up to 12". Laminator warms up in less than 2 minutes and is perfect for handouts, teaching aids and more.

User-Friendly Features

Laminator includes one-touch AutoSpeed function, built-in trimmer, Heat Shoe Accutherm™ heating technology and LED ready light.

EZLoad Technology

EZLoad film has color-coded end caps that ensure the film is loaded correctly. Laminator is compatible with GBC EZLoad blue end cap roll film.
