

## **Perfmaster Air V3**

**Perf/Scoring**

**Top-of-the-line vacuum-feed system for fast, consistent, and accurate creasing & perforating.**

The Perfmaster Air V3 is a simple-to-use vacuum-feed perforating and scoring solution that gets the job done quickly. The built-in register guide draws the paper against a side rail to ensure accurate registration of each sheet. You can easily set up for a wide range of paper stocks, and switch from perforating to scoring in seconds. You have 5 different interchangeable perf wheels available, including standard and microperf options.

- ⌋ Medium to high-volume perforating and scoring
- ⌋ Vacuum-feed operation with built-in register guide
- ⌋ Easily change from perforating to scoring in just seconds
- ⌋ Self-fanning system: No need for manual fanning!
