# GBC® CATENA 65 THERMAL AND PRESSURE SENSITIVE ROLL LAMINATOR

The Catena 65 tackles demanding lamination jobs with ease and efficiency to keep your print shop, office or institution running smoothly. This multi-functional laminator makes encapsulating and mounting jobs easier than ever.

## FEATURES:

### Comprehensvie Lamination

Provides both thermal lamination and mounting applications for a wide range of projects. Ideal for posters, signage, maps, POP displays and more.

### User-Friendly

Laminator features an open design, a pivoting table, AutoSpeed function, programmable presets, lightweight AutoGrip aluminum shafts and an additional stop button on the back. Rear trimmer is also included.

### Maximum Versatility

Use for projects up to 27" wide. Variable laminating speeds range from 1' – 8 1/2' per minute. Adjustable temperature heats up to 302F degrees. Machine includes a fan for longer runs.
