GBC® LAMPRIX™ 100 AUTOMATED LAMINATOR

Step up to the start line and finish jobs faster with the GBC LamPrix 100 Automated Laminator. Designed for high-performance, this nearline machine automatically feeds, laminates and trims up to 100 letter-size sheets per minute, so you can keep laminating jobs in-house, eliminate outsourcing delays and keep your profits.

FEATURES:

Machine automatically aligns and deskews sheets, plus has sensors to control spacing. This helps ensure quality output and decreases reworks due to manual inaccuracies.

Easily reload and replace film. Just add a film refill into the reloadable cartridge, drop it into your machine and you're up and running on your next project.

Designed to support high-throughput and same-day production demands, the GBC LamPrix 100 Automated Laminator produces consistent lamination across long runs.

Model Name	LamPrix™ 100
Paper Sizes	A4, A3, SRA4, SRA3 LTR, 11 x 17, 12 x 18
Uncoated Paper Weight	75 gsm – 300 gsm (20 lb. bond – 110 lb. cover)
Coated Paper Weight	118 gsm – 300 gsm (32 lb. bond – 110 lb. cover)
Feed Rate/Speed	100 ppm (LTR/A4)
Feeder Capacity	100 Sheets 75 gsm
Film Supply	Reloadable Cartridge
Film Thickness	3 Mil
Film Length	65 m/213' Approx 290 letter size sheets
Supply Status Indicator	Yes
Border	4 mm
Jam Detection	Yes
Electrical	15 Amp/115V/60 Hz plug
Machine Dimensions	45" W x 29.5" H X 39.4" D
Machine Weight	463 lbs.
Shipping Dimensions	51.6" W x 40.2" H x 51.6" D
Shipping Weight	562 lbs.
Warranty	Limited 90-Day
