## GBC® SPIRE III 44T LAMINATOR

This machine is fast and retains heat better for longer runs. It allows for increased versatility and even beginners will find the Spire III easy to use. Hand crank opening and closing rollers provides an infinite choice of settings.

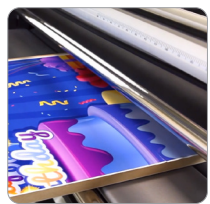

*UL Certified in the U.S. and Canada.*

### FEATURES:

#### Fast Thermal Lamination

Runs at a maximum speed of 20 feet per minute with 4" heat rollers.

#### Maximum Versatility

Confidently finishes a variety of applications. Laminates projects and jobs up to 44" and a 2" mounting gap allows for mounting of thicker substrates. Independently controlled upper and lower heat rollers allow for running multiple thermal film gauges and PSA films concurrently. Optional multi-core supply shaft assembly enables compatibility with other core sizes.

#### Easy to Use

Simple, intuitive control panel with LED pressure readout, deep feed table for effortless large-sheet feeding and a foot pedal for hands-free operation.
